

LONG-TERM CAMPER INFORMATION & RATES

Collins Lake is designed as a public recreation area & RV park for vacations, but not as a resident “trailer park”. Collins Lake Rules & Regulations post a one-month limit for stays in the park, which is usually sufficient to meet most campers’ needs.

Occasionally, a camper will desire to stay longer than one month. In these cases, management reserves the right and sole option to consider extending a camper’s registration for one or more monthly periods. Such extensions can be terminated by management at any time. It is understood and agreed that neither the management nor month-to-month campers intend for them to maintain a permanent residence at Collins Lake, but rather to provide an RV site for an extended vacation or brief transition period.

Monthly registrations permit a second vehicle to register in the site without paying the extra vehicle fee. Limit of 1 RV or Travel Trailer per site. For sites without sewer hookups, a holding tank pumpout service is available bi-weekly in the prime season and weekly in the off season for a reduced fee of \$20 per pumpout. Wi-Fi is available at the park office for your convenience for a fee.

2018 MONTHLY RATES

Monthly sites are metered for electricity. Rates shown do not include the cost of electricity, which will be billed separately at the most recent PG&E billed rate. \$100 electricity deposit due in advance.

(Metered sites are 1, 10, 11, 12, 13, 14, 17, 18, 19, 54, 62, 64, 67, 68, 70, 116 & 117).

If a non-metered site is used, then add \$100 for electricity per month.
